

Spring 2:

Adventures and Inventors

Monday 29th January 2018

English - This week we will be writing our very own dragon stories! We will be using the setting and character writing from last week to develop our writing. We will be using a range of word types and using different sentence openers in our writing.

Maths - In maths we will be learning about multiplication this week. We will be recapping on the vocabulary associated with multiplication and developing our fluency skills. Towards the end of the week we will apply our skills to reasoning and problem solving challenges.

Topic - This week as part of our DT project we will be making our own dragons according to our design criteria. We will be continuing our work on 'going for goals' in PSHE. In computing we are continuing our work on coding using the tynker software.
